# RACE TROPHY IS PRESENTED

---

200 Attend Borg Warner  
Dinner—Old-Time Drivers  
Honored Guests.

---

An interesting sidelight to the 500-mile Indianapolis Motor Speedway race was an informal dinner given by the Borg Warner Company in the ballroom of the Indianapolis Athletic Club last night.

Two hundred guests, including engineers and men prominent in the automotive world, were present.

Chief speakers were Charles S. Davis of Muncie and Chicago, president of the organization; Governor Paul V. McNutt and Capt. E. V. Rickenbacker, president of the Speedway Corporation. Mr. Davis formally presented the Borg-Warner \$10,000 trophy as a permanent fixture of the race to the local management, which also will carry a \$1,200 bonus to the winner each year extending over a period of twelve months.

### **First Winner Attends.**

Many of the old-time drivers were honored guests, among the number being Ralph DePalma, George Souders, Louis Chevrolet, Pete DePaolo and Ray Harroun, victor in the first event in 1911.
