Hello Everyone.

Well here we are once  
more in the sandy Sun Shining  
Country - our installation on the  
new place completed - a visit to  
the old gang where most of the  
old folks from last year are  
back playing Shuffle Board,  
Pinochle, Bridge etc. a few of them  
missing. Well it is life or rather  
the end of it.

Yesterday we went fishing

16<sup>th</sup> Allison and I - quite a few  
bites but only 2 fishes. a man got  
a 15 lbs tuna. and I a 6 lbs. Dolphin  
at least 10 bites between the bunch.  
but by smart fishes. The bait all or half  
gone - a thrill but no fish -!!! - I believe  
and I said so. (you know me well) that the bait  
was not properly arranged, and the  
next time I am going I want my bait  
arranged my way and I don't think  
we will miss so many - we are going  
again soon - nice weather here since we  
came but cool at night. vict is ok.

As you know we are in a different  
House than last year. and although it is  
not so new it is very nicely arranged  
in fact more habitable than the other one  
and we are very well pleased -

we had a very good trip down  
and visited the Silver Springs. it is quite  
a sight making you wonder!! - we had  
taken the 4 mile boat trip and also the  
short ride with the deep glass bottom boats.  
saw pictures taken of a car running into  
the water with two passengers. pictures taken

from above and below, I understand  
that they will be used on some movie  
well this is about all I can  
think of for the present, and we  
are hoping that you are all  
well and keep so.

Suzanne will write you later

With our best we remain
