# Louis Chevrolet Machine Shop

INDIANAPOLIS, INDIANA

November 18, 1925.

Mr. James Scripps Booth,  
c/o Detroit Athletic Club,  
Detroit, Michigan.

Dear Mr. Booth:

You will find enclosed a detailed account of your bill since the first of October and also a summary of your account since we started the building of your car. We have divided them by pages of our book instead of by months and have somewhat condensed the different accounts to allow us to put it on one sheet. I am pleased to see that the total cost did stay well within the limit of the rough estimate I had made you.

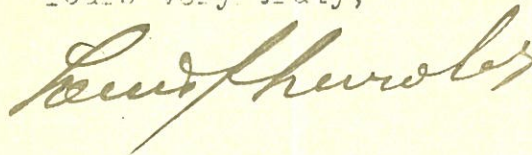

As far as I know, all of the bills have come in and have been paid for but should there be any others come in, justly due, that might have been overlooked for some reason or other, of course I would have to send them to you.

You will notice that there is a balance due me of \$667.45 for which your check will be appreciated.

I have heard nothing from you regarding the behavior of the motor in your car and of course I am anxious to know how it is working out so would appreciate hearing from you, from time to time, letting me know how it is performing.

Here is a piece of news that might interest you. I have just heard that Mr. Harry Stutz of the H. C. S. Co., is trying to sell his plant and business,. They have a magnificent small factory, which you no doubt remember, on Capitol Avenue and, as I understand it, they are willing to practically give it away. If you should be interested, I could get further particulars. Please remember me to Burton and with best personal regards to you and Mrs. Booth, I beg to remain,

Yours very truly,
