Attention: Mr. Joseph S. Pecker

Dear Mr. Pecker:

We acknowledge herewith receipt of your letter of March 11th, and exceedingly regret that all of the motors coming through production are allocated, up to a time considerably after the opening of the Detroit Show.

We have committed ourselves on delivering to Pitcairn, five of these motors, and as I understand they are going to use but three of them, or possibly four, it should be possible for you to secure one of these motors from them for the display purposes which you mention in your letter.

We regret our inability to furnish you a motor direct from here, but as you can see, our delivery commitments make this impossible. We trust that the above suggestion will meet with your approval.

Very truly yours,

THE GLENN L. MARTIN MOTORS COMPANY
