CITY PARK AVENUE
NEW ORLEANS

and

110 North Park Street
Ypsilanti, Michigan

December 28, 1942

A. J. HIGGINS, President

Mr. Arthur Chevrolet
Route No. 4
Columbus, Indiana

Dear Art:

This will confirm our conversation of last Saturday at Ypsilanti, as well as your phone call to me later that evening.

While I appreciate your position there at Columbus, I also know that you are interested in a happier connection.

This letter can serve as a contract for a two-year basis at the rate of \$150.00 per week. This is along the usual lines of a working agreement which can, if you wish, be put in long form at a later date.

I further state that we will pay your expenses while traveling for the company and likewise moving your furniture when the time comes.

This will further confirm the fact that Harry A. Miller is not connected with this company in any way and that this engine did not originate in his mind. It was designed by ourselves here at Ypsilanti.

Please let me know when to expect you, as I have asked some people to make arrangements for lighthouskeeping rooms for you and your wife and naturally we would want to know the time of your arrival.

Very truly yours,

HIGGINS-TUCKER MOTOR DIVISION

Preston Tucker
Executive Vice President
