
ALL-INDIANA ENTRIES IN WEST COAST ROAD RACE

LOS ANGELES, November 14.—Indiana will have at least two all-Indiana combinations in the first annual Ascot gold cup road race near Los Angeles Thanksgiving day. One will be Ralph Ormsby, of Ft. Wayne, one of the best dirt track drivers that ever swung a racing car around the half-mile dirt circuits, and a Fronty-Ford, entered by Arthur Chevrolet, of Indianapolis. Not only is Arthur the entrant, but he built the car that will carry his hopes of the fat first place prize in the race. Chance Kinsley, of Indianapolis, driving a 183-inch Frontenac, is another all-Indiana entry.

There will be six or seven other Fronty-Fords in the race. One will be the same Barber-Warnock Special that A. E. Moss, the English driver, drove in the recent 500. Its driver will be Floyd Shawhan, of Dayton, O. Shawhan is the owner of the car. Another will be a Fronty-Ford owned and driven by Harry Nickols, of Chicago.

Ormsby has had his mount at the Ascot track for several weeks, having recently won a ten-lap race on the Ascot five-eighths-of-a-mile track in 5:30 2-5, said to be a record on that dirt course for the distance.
