Dear Sir:

Replying to your valued inquiry of recent date, we gladly comply with your request by enclosing circular on "Frontenac" Cylinder Heads and circular on "Fronty-Ford" racing car, and all Speed Specialties and Racing Units we manufacture and recommend.

As you know we have been connected with the racing game for close to twenty years, and during that time have collected a very valuable store of racing experience.

All of our products have been thoroughly tested and tried out, and are not experiments, and we can absolutely guarantee their performance.

You are welcome to take up your racing problems with us, as we are more than willing to give you the benefit of our invaluable experience on all racing matters.

Please read the enclosed circulars very carefully, you will find all our Speed Specialties listed and a complete description of the "Frontenac" Cylinder Heads.

We are ~~getting up~~ a new catalogue showing all our Racing Equipment and will gladly send you a copy ~~as soon as ready~~. We have also brought out a book of Instructions on "How To Build A Fronty-Ford." The price of this book is \$2.00 but it will be given free to all purchasers of our Cylinder Heads or racing material to the amount of \$50.00.

We are looking to an early reply with an order for whatever you may need, and want to again assure you of our fullest cooperation to make you and your car winners in the future.

Yours very truly,

CHEVROLET BROS. MFG. COMPANY
