

# Chevrolet Bros. Mfg. Co.

INCORPORATED

## INDIANAPOLIS, IND.

November 25th, 1921.

The Dow Chemical Co.,  
Midland, Mich.

Dear Sirs:-

We are now operating five Fronty Ford racing cars and use as standard equipment your "Feather Weight Low Metal Non Scoring Pistons".

On the straight-a-way of the Indianapolis Motor Speedway the Fronty Fords will do 102 miler per hour.

They have equalled the world's record for a one half mile dirt track, time - 30 seconds.

At Columbus, Ohio, October 16th, 1921, 100 mile race - 1 mile dirt track, Frontenac takes 1st place, Fronty Fords take 2nd and 3rd place, covering the entire distance without a stop.

We find it a pleasure recommending Dow Pistons to car owners and especially for racing purposes.

Yours very truly,

CHEVROLET BROS. MFG. CO.

*A. Chevrolet*  
President.
