

PLENTY OF THRILLS FOR SPECTATORS AT THIS RACE.

The spectators at the Exhibition track Saturday witnessed the novelty of a motor car in a contest of speed with an airplane. This photograph shows Ruth Law, the aviatrix, in a specially constructed air machine in his race against Chevrolet, the automobile driver. The officials awarded Chevrolet the race. He won by half a lap, but he had been given a lap in the five lap race, owing to the condition of the tracks.
