Cable Address "FRONTY"
Codes: ABC-5th Bentley-5 Letters

February 16, 1928

Mr. Wm. A. Burns,
c/o Community Motors,
State Road West,
South Sudbury, Mass.

Dear Sir:

Your letter of February 13th received and we are glad to say that we have just such a car as you mention, here now ready for delivery.

This car was campaigned by us last summer over the A.A.A. dirt track circuit, where it competed very successfully with the fastest cars in the country. This car will do up to 120 miles per hour on straightaways and has turned mile tracks in 42 seconds, and half mile tracks in 25 seconds.

It is built up as per our catalog specification #214-B and is equipped with the 16-valve double cam shaft cylinder head, ball bearing rear axle, 1-5/8" crankshaft, special connecting rods, 28 X 4 drop center racing wheels, center control steering gear, and in fact is a thoroughly up to date car and very fast.

We are enclosing an actual photograph of this car and would be pleased to quote you a price of \$1,600.00 net on same, F.O.B. Indianapolis.

The motor is 176 cubic inch piston displacement.

Trusting that we may hear further from you in regard to this car, we remain

Yours very truly,

CHEVROLET BROTHERS MFG COMPANY,

A. Chevrolet

President.
