

# ARTHUR CHEVROLET IN RACE SATURDAY

A wire was received this morning from Arthur Chevrolet of Indianapolis stating that he will drive his Frauentiac Ford in next Saturday's big sweepstakes.

Race fans are all excited over this entry. The car was built in the same shop as was the car that won the big Indianapolis sweepstakes year before last. This car has a wheel base of 70 inches, tread of 45 inches, and was built for speed on a half-mile track, and if there is any speed in the car, you know that Arthur Chevrolet will find it. He has some speed records.

This makes the nineteenth entry received today, all of which may be found on another page of this paper. Think of it. Nineteen entries; looks as if Mattoon would have a real auto race, out there next Saturday.

Race cars are arriving now, and by Saturday morning the speedway will be full of them. Among today's arrivals are Essex, Monroe, Nash, Buick and American Special.
