

14 November 1930

Mr. Louis Chevrolet, Pres.,
Chevrolet Aircraft Corp.,
Baltimore, Md.

My dear Mr. Chevrolet:

This is to acknowledge receipt
of your letter of November 12th regarding
oil supply to starter.

In the layout of our starter, we
find that it is absolutely necessary to oper-^{spread}
~~ate~~ the bolt center on the flange provided for
the mounting of the usual starter. We are
enclosing herewith the sketch showing the pro-
posed change. Inasmuch as ~~a~~ new set of holes
is the standard flange mounting for a larger
starter, we feel that you can probably make
arrangements to provide such a flange for our
purpose.

We shall be interested in hav-
ing your comments on the above.

Very truly yours,

JSP:B.

JOSEPH S. PECKER.
