

Get the Car Overhauled By Experienced Men

Your car overhauled properly will give you many miles of service. Get the value out of the car. It is built in there.

BUY ONE OF OUR USED CARS

The best values for the motorists today are in used cars—cars that have been overhauled and put in tip-top shape. Such cars have the high standard of pre-war materials and workmanship and can be purchased for a fraction of what a new car would now cost. Backed by our guarantee you take no chances. For every car that we sell is in perfect condition.
